HAVAS' AGENCY

Lisbon, 5th

Madrid telegrams reports the Spanish Republicans as greatly divided. A large number of moderate republicans have given adhesion to the Constitutional policy of King Alfonso. The Republican journals have for some days past, carried this

THE ALMIRANTE BROWN.

On Sunday President Roca and a distinguished party left the Catalina's mole for the Maipo; the large galpon at the head of the mole was crowded, and Mr Seeber had a large first class American carriage

in waiting. Gov. Rocha and his Ministers, Dr D'Auico and Sr Uribe, arrived a little after the Minister of War, and at half past seven President Roca, Gen. Osborn, American Minister, the United States Admiral and Capt. Kirkland, put in an appearance, and we all started for the end of the mole, some in the railway coach and others on foot. The little steamer Victorica was in

sufficient to take the party off, and the faluas and private boats were called into requisition. When the Maiput was ready to start it was found that the American Minister and Admiral, and Mr Todd, manager of the London and River Plate Bank, had remained behind; President Roca at once sent the little steamer back for them, but only Mr Todd came off. General Osborn, not feeling well enough for the voyage, returned to

The following is a list of the party:—

Oostendorp remarked that the anchor was of the new patent, called the balancing anchor, the first we have seen in these waters. We made the run out, 29 miles, in 115 minutes, which shows what the Maipu can do in the steaming line; one of the most laborious yet pleasurable features of the trip was going over the ship and explaining to some of our friends the various electrical machinery.

HOWARD'S CELEBRATED MACHINES

Howard's Self-Acting Horse Rakes, Howard's New Patent Simplex Mower, Howard's New Patent Simplex Reaper.

The above were the first Self-Acting Horse Rakes which secured public favor, and owing to their extraordinary success various attempts have been made to imitate them, but J. & F. Howard's simple and principle—intended—so instantaneous in action, that all the contrivances introduced by others for effecting the same object are in comparison but complicated expedients.
